Builders group urges land annexation action

An association of Panhandle home builders urges in a full-page ad in today's News that immediate action be taken by the Canyon and Amarillo school districts to a two-year stand-off on school land annexation.

Seventeen members of the Texas Panhandle Builders Association have signed an "open letter" to the Canyon Independent School System, the Amarillo Independent School District and the citizens of the area that are concerned about the strength and growth of the Amarillo-Canyon area.

The letter recommends that board members from both districts come together immediately to work out a short-term agreement which would allow builders in the southwest Amarillo some assurance of

schools for home-owners.

Jim Huey, executive director of the association, and Emmett Fuqua, a South Amarillo developer, told The News an equitable solution of the problem from their standpoint would be for Canyon School District to allow the Amarillo district to annex a portion of land in the southwest portion of Amarillo.

Fuqua said persons seeking housing in southwest Amarillo prefer to send their children to established Amarillo schools already near their homes.

The situation now, with Canyon refusing to give up school district land in annexation to Amarillo, presents an "if" proposition to possible homeowners, he said.

"People who want a city-type life want it and they don't want it

to be 'if,'" Fuqua said.

"A large number of the people (moving into southwest Amarillo) are from out-of-town and it's hard for them to understand why they have to send their kids 15 miles away to school," Huey said.

Fuqua said Amarillo schools are already available in various southwest areas and homeowners could be well satisfied as they move into currently undeveloped areas with those schools rather than having to wait two years or more for the Canyon district to build schools in southwest Amarillo.

The letter published in today's News thanks area newspapers for "presenting the story of the conflict between our local school districts.

"In so doing, we believe that

the people are now aware that no more vacant land for development in the Southwest area of Amarillo lies in the Amarillo Independent School District.

"As a builder group this is an urgent problem because this is the obvious residential growth area of the City. We are going to be able to furnish housing in this area for a short period only, without running into a serious lot shortage."

Fuqua and Huey said it appears the natural growth pattern for Amarillo has been established to the southwest of the city and that most home builders and home buyers prefer construction in that area.

The builders' ad calls for work at least toward a short-term solution to the problem between

Canyon and Amarillo.

"We realize that long-range planning is necessary and if immediate action could be taken on some land in the northern Canyon School District then adequate time could then be taken for the long-term solution."

"We recommend that the Canyon and Amarillo School Districts get together and work out something now. The support of all the people in seeking the answer is highly important."

The builders' ad follows up by about two weeks comments made during a local school board session by Hunsley Hills Developer A.W. Lair urging the Canyon board to allow Amarillo to annex property west of the Canyon expressway and north of

(See URGES, Page 5)

Dr. Gary Garner, West Texas State University band director, dons his baton under the lights of the fine arts building theatre to

work with a few of the 1100 high school and junior high band campers who will be in Canyon and on campus for the annual camp.

Rumor of sale slows activity

Rumors that Russia is interested in purchasing a portion of the 1975 wheat crop have spawned a wait-and-see attitude among Randall County farmers.

Local elevator managers report the majority of the farmers are holding grain rather than selling it to see what the possible Russian purchase will do to wheat prices.

County Agent John Brazzil said it appears most wheat farmers, who recently completed both dryland and irrigated harvests, are selling only small amounts of their yield and holding the remainder to watch the prices rise.

"The rumors revive memories of two years ago," Brazzil said, "and they'll be anxiously watching the effect on the prices."

Randall County farmers were caught short in 1973 when they sold the bulk of their crop just after harvest for about \$2.50 per bushel and then watched following a controversial Russian wheat sale as the price climbed to the \$5 level in late summer.

A representative of Consumers Elevator in Canyon and Ralph Switch said most customers are holding their wheat rather than selling at the current price which is rising from a recent \$3 level.

"Farmers never sell on an up market," the official said, and he added that the rumor of a possible sale to Russia is making local farmers even more cautious.

A representative of Lone Star Elevator in Happy said farmers there have been holding their grain ever since rumors of the Russian wheat sale became public last week.

"Not too many sell when the market is going up," he said, "and I wouldn't advocate it."

Randall County farmers harvested a record yield of wheat this summer after good winter and spring rains. Observers expect the total income from the harvest to go over the previous record of \$12 million set in 1972.

Merit raises only seen for WT faculty members

There'll be no across-the-board pay raises for faculty members at West Texas State University this fall, President Lloyd I. Watkins said Monday.

The fall budget will include across-the-board increases for staff members, however, he said. Those raises were mandated by the Texas legislature.

Raises were not mandated for faculty members, he said, who received varying hikes in pay last February as a result of emergency legislative action.

Watkins said, though, that a number of faculty members will receive merit raises, those based on recommendations from department chairmen, deans and the vice president for academic affairs.

"When you consider we did get a substantial mandated increase in February, I think the situation of most faculty members will have improved substantially from Aug. 31, 1974," Watkins said.

Those who will receive merit raises for the fall were screened and recommended by department chairmen and considered by the various deans, Watkins said.

The recommendations for merit hikes have yet to be presented Watkins, who will approve them and then mail letters informing the faculty members of their September pay.

Raises issued last February were based on current income levels with each income level receiving a formula raise.

"Not only will we not be laying people off (in the fall) but we'll be increasing salaries for staff members and we'll be prepared to add staff in the event our doctor of agriscience is approved," he said.

"We're not in a totally static situation where we can't make adjustments for programs we hope to have approved."

The university is expected to ask the Coordinating Board, Texas College and University System to approve the offering of a doctorate in agriscience and several new masters degree programs. The coordinating board will act on the requests during an October meeting.

University administrators listed faculty salaries as their top priority need when they prepared their proposed budget for the biennium for presentation to the state legislature last spring.

Regents will approve the upcoming academic year budget, including the new salary schedule, during a meeting tentatively set in September.

The book store on the campus at West Texas State University isn't all serious business as students began purchasing books for their second summer term classes Monday. A pert

smile turns the drudgery of registration into a much more pleasant chore. Registration for the term continues through today.

County to eye tax hike Friday

Randall County commissioners will meet in a special session at 9 a.m. Friday to consider what is expected to be an increase in the tax rate for 1976.

County Judge Woody Pond called the meeting Wednesday after receiving tentative expenditure figures from County Auditor Betty Hodges.

Pond said it appears "probable" that a "little" tax increase will be needed "just to break even" in 1976.

He said commissioners Friday will probably look over the tentative expenditure list for ways to cut the budget proposal.

Commissioners made no mention of the budget or the tax rate during their regular Monday meeting and Pond said following

the meeting the tax rate could not be set until Mrs. Hodges presented the budget estimates which were handed over to her by the various county department heads.

Even if commissioners don't decide Friday what to do about tax revenue, they've given themselves a deadline of sorts before which they must decide one way or the other on a tax hike. They set Aug. 11 as the date for them to meet as a county board of equalization.

Last year, following a tax increase, the county clerk's office sent out 4700 notices of tax increases to local residents. The notices must be sent to arrive at least 10 days in advance of the board meeting.

Pond said it now appears that some "adjustment" will be necessary to make income balance with expenditures for next year, but how much that adjustment will be he didn't say.

Commissioners during a meeting on July 7 upped the county tax ratio from 17 per cent to 25 per cent and indicated at that time they would set the actual rate of taxation during the Monday meeting.

The current rate is \$1.05 per \$100 valuation on 17 per cent of market value. Should commissioners take no action on a rate, the \$1.05 rate would apparently be applied to 25 per cent of the market value.

After hearing a report from Mrs. Audrey Bruse, county tax

collector, on July 7, commissioners indicated they may have to hike taxes. Mrs. Bruse reported the county will retain only about \$15,000 on the tax roll next year, not enough, according to commissioners, to take care of inflation.

Financial Advisor Bob Davis has also indicated a tax increase may be required to handle the financing of about \$600,000 in bonds which will be issued by the county to pay off certificates of obligation. The certificates were for interim construction financing of the new Randall County South Amarillo courthouse annex.

In other business Monday, commissioners finally settled what had become almost a stan-

dard discussion topic at recent court meetings. Without vote, they agreed to have only their names and the names of the architectural firm and contracting firm place on an engraved bronze plaque which will be erected on a wall of the new courthouse annex.

Commissioner John Fulgenzi had delayed a decision on the plaque's design by asking that the

(See COUNTY, Page 5)

The deed for the Canyon Senior Citizens Building was received this week by E.R. (Dutch) Cleavinger, left, after a fund goal of \$22,500 was paid for the former church building located at 1719 5th Avenue. Handling the transaction for the association of senior citizens was Jim Christopher of Christopher Real Estate.

City park group faces delays, problems in obtaining funding

A group pushing for new park and recreation facilities in Canyon will not be able to move as fast as it had anticipated, according to City Clerk Tom Plumlee.

Plumlee said he has learned that the group will have to wait until around Jan. 1 to submit application for federal funds to help finance a new parks project for the city. The group had hoped to submit the application and possibly receive funding in the early fall.

Plumlee said he has also been informed by Panhandle Regional Planning Commission officials that there are other complications in the procedure the ad hoc committee has initially planned.

For example, he said, funding guidelines indicate property donated by the Canyon School District for location of park facilities cannot be counted when the local group seeks matching funds from the Texas Parks and Wildlife Commission for the park.

Originally, the group had been told by Supt. Jerry Jacobs the school district would donate \$10,000 cash and about 12 acres of land just south of Canyon High School for park expansion.

Plumlee said the group can accept the land donation but cannot count it in as part of their matching funds.

Plumlee said he has also learned that park planning consultants from the Texas Parks and Wildlife Department are not available to aid the group. The consultants' activities are limited, he said, to helping towns of under 7500 population.

Plumlee said applications for federal funding had to be submitted by July 1 to be considered by the parks and wildlife commission for fall funding.

The ad hoc group is to meet tonight at the home of Phil Langen to continue planning for construction of new park facilities. General financial estimates are to be presented by different board members on the cost of construction of tennis courts, baseball diamonds, parking facilities and restrooms.

They are also to finalize a proposal for presentation Monday night to Canyon city commissioners, who will be asked to allocate city funds for the park program.

Initial plans drawn up by Langen and generally okayed during a first committee meeting two weeks ago call for Conner Park to be extended to the west along Tierra Blanca Creek and onto the school property just east of the school district bus barn on 8th Street.

Hutton honored as top Texas clerk

County Clerk LeRoy Hutton, who told commissioners he'll be vacationing in Canyon for a few more weeks as he recuperates from a car accident which left him critically injured in May, came back to work Monday just long enough to be named the state's Outstanding Clerk for 1975.

Mrs. LaQuitta Polvadore, district clerk, presented Hutton a Texas-shaped plaque in recognition of the honor which was bestowed upon him by the Texas County and District Clerk's As-

sociation during their annual meeting in mid-June. The district clerk had

(See HUTTON, Page 5)

COVERING FUMBLES

by Dean Mitch Jones

The telephone is a wonderful invention—but misused it can become an infernal machine.

MVC Expansion In Holding Pattern

The idea of expansion in the Missouri Valley Conference is in a holding pattern according to West Texas State University's athletic director Gene Mayfield.

The departure of Louisville from the MVC prompted a special called meeting in June. "Right now, we are just waiting to see what happens in August when the NCAA officials meet."

According to Mayfield, expansion hinges on what the NCAA rules on qualifications needed to qualify for the NCAA basketball play-offs and also the qualifications a conference school has to have to be eligible for regional television appearances.

Presently, a conference school is automatically eligible for the basketball play-offs if there are eight teams in the conference playing basketball. With Louis-

ville dropping out of the MVC, it leaves the conference with only seven schools participating in basketball.

The television committee of the NCAA will meet in September and will decide on the number of teams a conference must have until the teams can be on regional television. "The current television is eight, and we now have six schools playing football in the conference," Mayfield said. But, he added, the television committee might change the requirements when they meet in September.

Instead of going ahead with expansion, the MVC is waiting to see the outcome of the NCAA rulings.

"There's no particular advantage of having a large conference

because we would be better off without the added expense of more travelling," Mayfield said. "If we have to expand to retain automatic qualification for the basketball play-offs and to still receive funds from television exposure, the conference will expand," he said. Until then, the conference will wait.

With the Missouri Valley Conference covering such a vast geographical area, some people don't understand the reasons for expansion and some ask why it's necessary for WTSU to be in a conference in the first place, Mayfield said.

"When you consider this year that we received roughly \$44,000 which came from the conference's television fund and the fact that it costs us an \$11,000 assessment to be a conference member, then anyone with a pencil can see one advantage."

Mayfield also pointed out that being a member of a conference makes the task of scheduling somewhat easier. "Being a member of the MVC, WT is assured of five games and has to come up with only six more, where, as an independent, we would have to find eleven. Located where we are, it would be tough to go out and find eleven teams to play."

From a financial standpoint, benefits received from the con-

ference is worth the affiliation.

"A lot of people don't understand, that in Texas, collegiate athletics do not receive any outside help. A conference school in our neighboring state to the west receives around \$400,000 from the state legislature. We don't receive a dime.

"We don't use state money, therefore we have to make the money ourselves. Our funding comes from gate receipts, contributions and from the student service fees. If we didn't have the student service fees, we couldn't operate."

The viewpoint of the head football coach and athletic director at WT sees the school's affiliation with the Missouri Valley Conference one way in which to alleviate some of the financial burden of the athletic department.

Dist. Clerk LaQuitta Polvadore presented County Clerk LeRoy Hutton, injured in a May car accident in Austin, with a plaque from the Texas County and District Clerks Association naming Hutton as Clerk of the Year for 1975. Hutton was unable to receive the award himself at the clerks' conference in June.

Man Charged With Manslaughter

A 30-year-old Hereford man was charged Monday with involuntary manslaughter in connection with the death early Sunday of another Hereford man in a one-car accident just north of Canyon.

Charges were filed on Raymond A. Martinez of Hereford, driver of a vehicle which left the south-bound lanes of U.S. 87 about 7 miles north of Canyon and rammed into a tree.

The accident resulted in the death of Juan Perez Gonzales Jr., 33, of Hereford. Gonzales was dead on arrival at Palo Duro Hospital in Canyon.

Highway Patrolman Larry

McLendon said the accident occurred at 2:10 a.m. Sunday as the vehicle was heading south in the south-bound lanes. The vehicle, he said, veered from the highway and into a large cottonwood tree with the passenger side of the car sustaining the bulk of the damage.

McLendon said a witness to the accident told him he saw no brake lights as the vehicle veered from the road.

He said the speed of the car at the time of the accident was about 55 miles per hour.

Martinez had not appeared before a magistrate for his initial bond-setting and rights-reading as of late Tuesday.

City Youths Reading Books In '75 Program

About 90 city youngsters have spent a part of their summer reading books from the City Library in the Summer Reading Program, according to Mary Huntington, city librarian.

The reading program will be concluded and tabulated August 2 with summer readers being honored at a swimming party sponsored by the Canyon City Library Board. The party will be held at the City Pool that evening at 7:30 p.m. and is open to all summer readers who have completed a minimum of three books.

Students who have completed 12 books or more during the summer reading program will receive certificates at the concluding affair.

Although time is growing short, students may still enroll for the summer reading program at the Canyon City Library.

Golf Winners

The winners of last week's scramble tournament at the Hunsley Hills Golf Course were the foursome of Gene Crowder, David West, Jack Haley and John Childs. The group shot a nine hole round of 31.

The next tournament will be held today and every Thursday throughout the summer. Anyone interested should contact the Hunsley Hills Pro Shop by 4 p.m. on the day of each tournament.

WTSU Ticket Drive Begins Throughout Area

Nine members of the West Texas State University athletic department will hit 23 Panhandle cities July 14-18 as the season ticket drive for 1975 Buffalo Football hits high gear.

Athletic director and head football coach Gene Mayfield, business manager Jim Campbell, and sports information director Bill Cousins will head each trip, joined by assistant football coaches Jerry Behrens, Jim Crossland, Jim Dawson, Ronnie Mankin, Bill McKinney, and Earl Wood.

"Our main purpose, of course, is to sell season tickets," said Campbell who is in charge of the ticket drive. "We feel that the personal contact we get with people is the best way to do that."

Each day, members of the Buffalo staff will spend the morning talking to WTSU supporters in one of the larger Panhandle cities, and they will scatter in the afternoon to talk to fans in the smaller communities.

Here is the week's schedule:

Monday, July 14 — Tulsa

(a.m.), Happy (p.m.), Hart (p.m.), Plainview (p.m.).

Tuesday, July 15 — Dumas (a.m.), Stratford (p.m.), Sunray (p.m.), Hartley (p.m.), Dalhart (p.m.).

Wednesday, July 16 — Hereford (a.m.), Friona (p.m.), Dimmitt (p.m.).

Thursday, July 17 — Pampa (a.m.), White Deer (p.m.), Panhandle (p.m.), Claude (p.m.), Clarendon (p.m.).

Friday, July 18 — Borger (a.m.), Spearman (p.m.), Fritch (p.m.), Stinnett (p.m.), Perryton (p.m.).

West Texas State will play one of its more attractive home schedules in many years in 1975. The Buffs meet Missouri Valley Conference foes Tulsa, Drake, and New Mexico State in Frank Kimbrough Memorial Stadium, as well as non-league foes Texas-Arlington and Louisville.

Mayfield hopes to field his best team ever at WT. Most preseason football magazines have tabbed the Buffs to challenge for the MVC championship.

Life's Challenge Met By Busy Woman

"Five years ago I couldn't even walk alone," recalls Leatha Fullerton, who will be observing her 70th birthday this fall.

With the help of doctors and recuperative arthritis treatments in Oklahoma City during 1969, Mrs. Fullerton has recuperated to the point that she now spends numerous hours capturing scenic life in oil paintings.

"Painting was my late husband's way of giving me something to do to help myself recuperate," recalls Mrs. Fullerton. "He suggested that we both take art lessons when I started getting better and we did with Zelma Selvidge of Happy as the instructor."

Since her first attempts at oil

painting, Mrs. Fullerton (who prefers to be known as Leatha) has done about 50-60 oil paintings most of which she has given away to family and friends. Several of her scenic life paintings have also been sold.

Beginning painting when you are 65 is a challenge in itself, but Leatha Fullerton has always seemed to meet the challenges laid before her. She was born November 19, 1905 near Borger and in 1923 graduated from Panhandle High School where she also took business courses and completed state examinations for teaching.

"I had planned to teach in a small country school there but never did as The Stark interfered," she related. Named Leatha Odelle Russell at birth, she had become the wife of Otto Lehnick and the mother of three children, Curtis, Edward and Jean, along with being a farm-wife.

"Life then was pretty hard, but we had a good living, a roof over our heads and made it despite the depression," she stated. "I had arthritis even then and went ahead working on the farm, milking cows and raising my three kids."

In 1943, Leatha and her three children moved to town (after the dissolution of the Lehnick marriage) and set about to "make it on our own."

When Leatha and her children moved to town she had "no idea what she could do to make a living."

Remembering her former training from business school, Leatha applied and was accepted to work in the school tax offices during 1944. She worked adding machines, typewriters and other office equipment until her retirement in 1969.

In 1954 she was married to Ray Fullerton, a local farmer, and when her health failed in 1969 due to arthritis complications she retired from the tax office after serving 25 years.

"At that time it got where I couldn't even walk alone," she

remembers, "and Ray was good to help me along with family and neighbors that I was determined to do my best."

After two weeks of arthritis treatment at McBride Clinic in Oklahoma City under the direction of well-known arthritis specialist, Dr. Blaschke, Mrs. Fullerton returned home for about a year of homebound recuperation during 1969-70.

"When I started getting better," stated Mrs. Fullerton, "we started taking our art lessons. Neither Ray, nor I, had ever painted before that time and he

kept urging me to 'paint' while he was raising the crops."

Since her husband's death in December 1974, Mrs. Fullerton has spent numerous hours painting scenic life from calendar prints and magazine photographs.

Along with her painting, Mrs. Fullerton often finds time to make decorative driftwood pieces for herself and friends.

"It is something to keep you busy and interested," related Mrs. Fullerton as she concluded her remarks with the "blessings received from giving of herself to others."

Oil painting has been a recuperative treatment for arthritis for Leatha Fullerton of 508 9th Avenue, Canyon.

Daughter's Birth Told

Mr. and Mrs. Pat Sloan of 908 S. Rusk, Amarillo announce the birth of a baby girl on July 11 at Palo Duro Hospital in Canyon.

The baby has been named Lisa Sue and weighed 6 pounds, 11½ ounces and measured 19½ inches

at birth.

The father is a vaulation engineer for Pritchard and Abbott and grandparents are Mr. and Mrs. Raymond Izarray of Amarillo and Mr. and Mrs. Troy Sloan of Spearman.

ALL AROUND THE HOUSE

Clean And Check Canner Before Season Begins

By BECKY HALL
County Extension Agent

A cleanup and checkup for the pressure canner is a real necessity before beginning the year's home canning.

This helps insure a safe and high quality product.

—Clean removable petcocks and safety valves, using vinegar to remove any corrosion.

—Clean openings in lid of canner using a toothpick, pipe cleaner or string.

—Check gasket for tight fit and

be sure it's free from grease and dirt.

—Use salt-free fat to grease the closing surface of lid that seals metal to metal, if it's difficult to remove or if steam escapes.

—Tighten screws on handles.

—Use plumber's paste to close nicks that allow steam to escape.

—Remove odors and stains using one of the following mixtures and processing at five pounds pressure for five minutes: juice of one lemon in two quarts water or two tablespoons vinegar in two quarts water.

—Check dial gauge using a maximum thermometer or master gauge tester. A weight gauge needs only to be cleaned according to manufacturer's directions.

American consumers who are seeking home canning lids are being asked to buy only what they need for this canning season, and not to hoard.

Mrs. Nancy Harvey Steorts, Special Assistant to the Secretary of Agriculture for Consumer Affairs, reports that periodic checks of manufacturers of home canning equipment in-

dicade they are working at full capacity to provide a sufficient number of lids to meet anticipated demand.

Also, consumers should note that supplies are being allocated only to those retail outlets that have normally carried home canning supplies in the past.

Mrs. Steorts says that while

The West Texas State Band Camp began Sunday as 1160 band students from throughout an eight state area registered for the two-week camp. Both junior high and high school students are in attendance.

The camp is staffed by 80 visiting faculty members from area schools.

A total of nine bands, two orchestras, a stage band and a choir will be assembled from the students involved in the camp.

In addition to full band and orchestra instruction, the camp has instruction in small ensemble, beginning piano, beginning guitar and advanced guitar.

Classroom work is also a part of the music camp. Such courses as music theory, music appreciation and a new class added this year, the evolution of jazz and rock music.

Twirling and drum major

classes are other areas of instruction available to students in the camp.

Three concerts will be held during the next two weeks of the camp with the first being tomorrow beginning at 1:30 p.m. Several bands will give 30-minute performances. The concert will continue until all bands in the camp have performed.

The next concert will be held Wednesday, July 23, and will feature the camp's choir along with the brass choir and the director's band, which is made up of the faculty staff members.

The final concert will be the same type as the one tomorrow and will feature all the bands. The concert will be at 1:30 p.m. Friday, July 25.

All the concerts are free and open to the public and will be held in the Branding Iron Theatre of the Fine Arts Building.

According to Dr. George Umberson, head of the music department at WTSU and also the camp, the enrollment is at capacity this year as it has been for the past five years.

Classroom work goes along with band instruction at the West Texas State University Band Camp being held this week and through next week. Canyon band students shown in the classroom are, l-r, Jan Frazier, Meredith Hadley and Tara Tully.

Basketball Camps Combined

The Canyon Schools Basketball camps for boys in the age groups of 10-12 and 13-15 have been combined due to conflicting activities and will be held July 21-25 in the CHS gym, according to B.B. Kendrick.

Both age groups will attend the camp at the same time but will be worked with separately. Two coaches will instruct the camp.

The camp will run from 1-7 p.m. Monday through Friday. A general workout is scheduled from 1-5 p.m. daily and games will be played during the last two hours of the day.

According to Kendrick, a fee of \$17.50 will be charged for the week-long camp and this fee will include insurance, instruction and a camp T-shirt.

To date, 22 boys have signed up for the camp. Anyone interested should contact Kendrick at 655-4685 or come by the gym at 1 p.m. July 21, the first day of the camp.

WT Enrollment Shows Slight Decline For 2nd Term

About 1850 students enrolled for second summer term classes at West Texas State University, a decline of about 77 students from the same time in summer 1974.

Dr. Donald Cates, university registrar, said the total enrollment for Monday's regular registration period is not an accurate reflection of what the university's ultimate second term enrollment will be when registration is completed for numerous workshops scheduled during the term.

But, he said he does not expect the second term enrollment to be

either dramatically up or down in comparison to the figures for 1974.

Enrollment continues on campus through today.

Son's Birth Is Announced

Mr. and Mrs. Leonard Roy Tow of 736 N. Houston, Amarillo announce the July 9 birth of an 8 pound, 4 1/2 ounce son at Palo Duro Hospital in Canyon.

The baby boy has been named Marion Leon and measured 20 1/2 inches at birth.

The Tows have an older daughter, Angela, 4. The father is employed with Amarillo Public Schools and the mother's employment is with St. Anthony's Hospital in Amarillo.

Grandparents are Mr. and Mrs. Ben Mills of Brewster, Kansas and Mrs. P.W. McAnally of Amarillo.

Dames Tour Greenhouse

Plans were discussed relating to the club's August meeting to be held at the Episcopal Center on August 27. The August meeting is set to include a salad luncheon beginning at 12:30 noon with fashions from Jean's of Canyon to be modeled that afternoon.

Finding just the right book for her second term classes is a matter of some concentration for this WTSU coed, who visited the book store after going through registration Monday on campus. Registration continues through today.

Bridal Gifts Are Presented To Miss Gerald

A miscellaneous bridal shower honoring Miss Cathy Gerald, bride-elect of Bruce Whisenhunt, was held last Thursday evening, July 10, in the home of Mrs. Keith Jones at 2417 Eighth Avenue.

Receiving guests with the honoree and Mrs. Jones were Mrs. Charles Gerald of Canyon, mother of the bride-elect, and Mrs. Omer Whisenhunt of Tulsa, mother of the prospective bridegroom. The bride's grandmother, Mrs. Tom Gerald of Canyon, was among guests for the occasion.

Mrs. Chris Gerald of Canyon, sister-in-law of the honoree, served at the guest register and Mrs. Walton Franklin of Amarillo, a sister of the honoree, served at the refreshment table.

Milk glass appointments were used for serving the party punch, cookies and sandwiches at the occasion. The table was laid with white net over pink and featured

a floral arrangement of pink and white carnations and pompon mums with baby's breath for accent. Candles complemented the serving table.

C-hostesses for the occasion were Mesdames C.L. Buchanan, A.L. Fassauer, Marion Higdon, Louis Hinders, Sam Jolly, Johnnie McBroom, Bill McKenny, Kenneth Olsen, Earl Reynolds, M.L. Sherrard, Phil Swartzell and Inez Martin.

Miss Gerald and her fiancé are planning marriage vows to be read July 26.

Fraternity Names

Three As Leaders

Three West Texas State University students have been selected to serve in leadership capacities this fall with Lambda Chi Alpha fraternity. The fraternity had the highest grade point average of campus fraternities for the previous semester.

Richard Baggs, a senior WT student and major of history, has been selected as the Lambda Chi Alpha pledge trainer for fall.

Steve Williams, a junior student majoring in engineering, has been named as the scholastic chairman for the fraternity.

Dan McGlasson, a chemistry major of junior classification, has been named to serve as alumni secretary for the fraternity.

LEGAL NOTICES

THE STATE OF TEXAS TO: DONNIE JOE MOSELEY

GREETING:
You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 18th day of August, A.D., 1975, at or before 10 o'clock A.M. before the Honorable 47th District Court of Randall County, at the Court House in Canyon, Texas.

Said plaintiff's petition was filed on the 4th day of March, 1975. The file number of said suit being No. 14,344-A. The names of the parties in said suit are: IN THE MATTER OF THE MARRIAGE OF MARIA V. MOSELEY, and DONNIE JOE MOSELEY.
The nature of said suit being substantially as follows, to wit: Suit to dissolve marriage and appoint managing conservator.
If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 3rd day of July A.D., 1975.
Given under my hand and seal of said Court, at office in Canyon, Texas, this the 3rd day of July A.D., 1975.

LaQuitta Polvadore, Clerk
Court Randall County, Texas
By Marijohn Motheral, Deputy
4tc15

Firemen Prepare For Area School To Be Held Here

Canyon firemen began preparing this week for their Canyon Area Fire Control School which is set for Sept. 23-24 here.

Fire Capt. Joe Rice and Tommy Platt began putting the finishing touches on a new simulated fire problem at the Lindsey Practice Field in east Canyon. The new problem will be a gasoline tank storage simulation.

The second annual fire control school is expected to have an enrollment of more than 400 firemen from throughout the Panhandle and tri-state area.

Fire Chief Jack Jennings said the Canyon department, which has the best practice facilities in the Panhandle, will host the school and the Texas A&M Extension Service will provide some instructors and other guidance for the school.

Opinion Sheets Due In Friday

Public opinion survey sheets have been distributed to residents throughout Canyon by the women's division of the Canyon Chamber of Commerce in recent weeks.

The women's division has requested that all completed survey sheets be returned by Friday, July 18, to the Canyon Chamber of Commerce office so that results of the survey may be tabulated.

R.N. Medlocks Have Daughter

Mr. and Mrs. R.N. Medlock of 1910 7th Avenue, Canyon announce the July 14 birth of a daughter, Colette Irene, who weighed 8 pounds 1/2 ounces at birth in Palo Duro Hospital.

The baby girl measured 20 1/2 inches at birth and has two brothers: Walter Neal, 3 1/2, and Eugene Douglas, 19 months.

Father of the family is a junior industrial arts major at West Texas State University.

Grandparents are Mr. and Mrs. E.D. Sowada of Corpus Christi and Mrs. Corinne Medlock of Freeport.

Folks Visit Here

Mr. and Mrs. W. G. Many of LaGrange, Georgia were recent houseguests of Mr. and Mrs. Rowie Durden in Canyon. The Durden's entertained their guests with a visit to see the outdoor drama "TEXAS" and attendance at the summer Amarillo Symphony Concert.

Fire Capt. Joe Rice put the finishing touches on a new simulated fire problem at the local department's Lindsey Practice Field here in preparation for the late-September

Canyon Fire Control School which is expected to draw about 500 firemen from throughout the region.

'Story Of Patriot' Set At Museum

Historic moments of the American Revolution will be recalled in "Johnny Tremain," the third in the Panhandle-Plains Historical Museum's Bicentennial movie series was shown July 12 and 13.

The Walt Disney production began at 2:30 p.m. each day the second floor lecture room of the museum's main building on the West Texas State University campus. The 80 minute film fea-

tured the ride of Paul Revere, the Boston Tea Party and the battles of Lexington and Concord.

The final film in the Bicentennial series is "The Story of a Patriot," which will be shown July 26 and 27 at 2:30 p.m. The Williamsburg production analyzes the gradual disintegration of the country before the American Revolution.

To conclude their summer movie fare, the museum will

show "The Vanishing Prairie" on Aug. 2 and 3, "The Great Locomotive Chase" on Aug. 9 and 10, "All Quiet on the Western Front" on Aug. 16 and 17 and "The Living Desert" on Aug. 23 and 24.

The last Sunday will have a special treat, when the museum once more fires up its early 1900s steam popcorn wagon to serve its product to museum visitors on August 31.

No admission will be charged.

Going somewhere? Or been? The Canyon News wants to know about it—and so do its readers.

Hutton. . .

(Continued from Page 1)
accepted the award for Hutton while he stayed in an Amarillo hospital recovering from the effects of a hit-and-run accident.

A resolution passed by the state association termed Hutton "a young man of outstanding ability, dedication; a pioneer in electronic voting and an effective and dedicated area and statewide leader in legislation, office procedures and personnel practices."

County. . .

(Continued from Page 1)
names of the consulting engineers also be placed on the plaque.

During their July 7 meeting, Fulgenzi was opposed to the idea by first Commissioner Jim Fletcher and then other commissioners.

The opposition carried over Monday after Fletcher said he believed the original plaque design — sans the engineers' names — should be adopted, and said he was prepared to make a motion so stating.

"I'll leave it up to you three," Fulgenzi said. "I know which way I want to go. I'd like to see the names on there, not because I'm an engineer but because I think they need some credit."

Other commissioners agreed with Fletcher and the matter was settled.

Fulgenzi is a consulting engineer in Amarillo. Commissioners also asked Mrs. Hodges to compile a complete listing of fees paid court-appointed attorneys by various trial judges in the county during recent years.

The most recent figures, Mrs. Hodges said, indicate the county has paid out about \$6100 to attorneys to handle the defense of indigents accused of crimes.

Commissioner Dee Griffin noted the amount is about a 100 per cent increase over the same period in 1974.

Commissioners approved a request from Mrs. Bruse that she and other appraisers in her office attend an appraisal school July 20-23 in Amarillo sponsored by the Texas Association of Appraising Officers.

Mrs. Hodges reported the county took in \$1352 through the auction sale of various business machines last Saturday.

Urges. . .

(Continued from Page 1)

Hollywood Road.
For more than two years, the board had refused to allow land to be ceded to Amarillo and last January appealed a decision by the Randall County Board of School Trustees allowing Amarillo to annex 176 acres of land in southwest Amarillo.

The appeal is still pending before the Texas Education Commissioner.

The builders' ad also backs up statements made by Amarillo School Supt. Bob Ashworth that growth to the south of Amarillo is being retarded by the lack of cooperation.

Hutton was in Austin testifying for passage by the Texas legislature of a bill to increase the fees which could be charged by county and district clerks when he was hit by a hit-and-run driver as he crossed an Austin street.

Hutton was originally hospitalized in the intensive care unit of Breckenridge Hospital in Austin and then transferred to a similar unit at Northwest Texas Hospital in Amarillo.

Hutton told commissioners Monday following the award presentation he is "feeling fine," but will stay away from his office until his Amarillo doctor gives the go-ahead.

The county clerk was the first Republican county clerk elected in Texas since the Reconstruction era when he first passed voter approval in November 1966. Hutton took office in January 1967.

Shortly thereafter, he advised county commissioners to install a computer-type punch-card voting system for the county, the first in the state. Since that time, Hutton has acted as consultant to many of Texas' larger counties in conversions to punch-card balloting.

He has also been a watch-dog for commissioners on various pieces of legislation pending in Austin. For a number of years, Hutton has kept an active list of proposed bills and has briefed the bills himself to keep commissioners informed of legislation which might impact on county government.

Hutton is a past commander of the local Veterans of Foreign Wars post and is active in the Sons of the American Revolution and the Amarillo Genealogical Society.

Carriers. . .

(Continued from Page 1)

viewpoint." Simpson apparently referred to a recently published editorial by News Publisher Troy Martin concerning the quality of postal delivery service in Canyon.

Both Stevens and Postmaster Lee Roy Moreland said what they know of the negotiations now pending in Washington is what they have read in news media reports.

"Who or how many of our local employees would participate I have no idea," Moreland said. "It (a strike) is illegal so we may not have anybody (participate)."

Stevens said word about the negotiations has been less than speculative. He said local union members have not indicated whether or not they will participate in the strike.

Amarillo letter carriers have threatened to strike Monday should an agreement not be reached nationally.

Winning Runner Signs As Buffalo Trackster

Bill Flemmings, a two-time District 13-AAAA champion in the 440-yard dash, is the latest prep trackster to sign a national letter-of-intent to attend West Texas State University on a track scholarship. Buffalo coach Bob Kitchens announced today (Monday).

The 5-9, 140-pound Flemmings had a best time in the open quarter of 49.5 seconds, but he lowered that to a sparkling 47.9 in the mile relay. He also had best times of 21.8 in the 220-yard dash and 9.9 in the 100.

"We had needed another quartermiler very badly," Kitchens said in making the an-

nouncement. "Flemmings' time in the mile relay will really help us, and you can see by his time in the 220 that he has the leg strength to greatly improve his open time."

"He's really a good competitor."

Flemmings is the second young quarter-miler to pick WTSU for his education. Earlier this spring, Kitchens announced the signing of Knox City's Eddie Johnson, the third place finisher in the Class A state meet this spring. His best open time is a 48.7.

Also signed to track letters this spring are Plainview high jumper Joe Bishop, Amarillo Palo Duro pole vaulter Neil Burum, and Lubbock Estacado high jumper Tommy Williams.

**DRUGS MUST BE
CAREFULLY STORED**

A great many medicines react to outside influences and must be protected to insure their potency. Some must be refrigerated, some kept away from light and still others must be kept in special containers. When a new drug comes in, one of the very first things we do is determine where and how we should keep it.

When you receive a medicine from us that requires special handling we will either tell you about it, put it on the label or attach an extra label with the proper directions. Always follow the storage directions carefully to insure you are getting the most benefit from what you are taking.

"A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?"

AN OPEN LETTER TO THE CANYON INDEPENDENT SCHOOL SYSTEM, THE AMARILLO INDEPENDENT SCHOOL DISTRICT AND THE CITIZENS OF THE AREA THAT ARE CONCERNED ABOUT THE STRENGTH AND GROWTH OF THE AMARILLO - CANYON AREA

We the undersigned members of the Texas Panhandle Builders Association want to express our thanks to the area newspapers for presenting the story of the conflict between our local school districts. In so doing we believe that the people are now aware that no more vacant land for development in the Southwest area of Amarillo lies in the Amarillo Independent School District.

As a builder group this is an urgent problem because this is the obvious residential growth area of the City. We are going to be able to furnish housing in this area for a short period only, without running into a serious lot shortage. We realize that long range planning is necessary and if immediate action could be taken on some land in the northern Canyon School District then adequate time could then be taken for the long term solution. We recommend that the Canyon and Amarillo School Districts get together and work out something now. The support of all the people in seeking the answer is highly important.

Looking forward to a congenial, swift settlement of the building industry and school districts problem, we remain

Respectfully yours,

Bob Farley

Backyard Gardening Beneficial In Lightening Local Budgets

Elements of the nation's economy have prompted numerous city folks to plant backyard space into patches for growing their own fresh vegetables.

Local residents, R.T. "Dick" and Eva Furlow who live at 1218 3rd Avenue, have planted about one-third of their backyard into a "garden" to meet the every rising price of food.

The Furlows have found adequate time to garden since their retirement and find that "garden vegetables" add to their ever-steady income from Social Security and retirement.

At planting time, the Furlows received moral support from a neighbor gardener who "plowed

the garden spot."

The Furlows recall planting as soon as the ground was warm enough (around Easter) and picking early greens for supper in May. Since that time the Furlows have feasted on green beans, blackeyed peas, fresh onions, English peas and fresh roasting ears.

Also blooming and bearing in the Furlow garden presently are okra, tomatoes, watermelons, and butterbeans, although they are "not quite ready to pick yet."

"I guess we'll use most of the garden stuff this summer," related the couple. "But the extra we'll be putting in the freezer for use this winter."

The couple has lived in Canyon

almost all of their 40 years of marriage. He retired from his position as a security guard at West Texas State University about two years ago following surgery for cataracts. Mrs. Furlow, is also retired after spending 27 years on the cafeteria staff for the public schools here.

County 4-H Dress Revue Today

Twenty-two 4-H seamstresses have entered their summer sewing projects in the annual county-wide 4-H Dress Revue to be held this afternoon, July 17, at First Presbyterian Church in Canyon.

The dress revue is open to the public and set to begin at 3 p.m. under the sponsorship of the Randall County Home Demonstration Council's 4-H committee.

Three winners will be selected from the county to model their fashions in the District I Dress Revue on July 29 at the Fine Arts Building of Amarillo College. One senior 4-H student, 14 years old by January 1 and not over 19 years old by January 1, will be selected as the senior county winner to compete at the district level. Two junior winners from Randall County in age classifications from 12-13 and 9-11 years of age will be named as the county's junior winners on Thursday.

Narrating the county revue will be Ronda Davis of Jowell 4-H Club and Debbie Detten of Randall Longhorns 4-H Club. Modeling tips will be presented by Mrs. Mike McConathy of Canyon, a former Cleta 4-H Club member, and Home Economist with the B.S. degree from Abilene Christian College.

Clothing records are to be judged by Mrs. Sherry Harder, Assistant County Extension Agent for Deaf Smith County, and will compose 25 percent of the overall clothing score. Fashion judges will be Miss Cathy Jo LaRoe, Assistant Extension Agent for Home Economics of Carson County, and Miss Teresa Eckert, Assistant Extension Agent for

Home Economics of Oldham County. Revue fashions will be judged 50 percent on the fit of the garment and fashion and 25 percent on construction of the garment.

The revue will be concluded with a reception where the HD Council's 4-H committee will be hostess.

Rites Held For O.H. Hammons

Funeral services for Orley Harry Hammons, 62, were held July 12 in Cloverdale, Calif. with interment at Sunset Memorial Park in Berkeley, California.

Born May 29, 1913 at Berryville, Arkansas, Mr. Hammons died July 8, 1975 at Cloverdale, California. He had been an equipment operator at a lumber mill for Masonite Corporation, a plywood factory, for 21 years and was a member and deacon of the First Baptist Church of Cloverdale.

His parents are Mr. and Mrs. J.P. Hammons of Canyon and other survivors include his widow, Helen Hammons of Cloverdale, Calif.; two sons, Ron Hammons with the United States Air Force in Teheran, Iran and Larry Hammons of Torrance, California; and four grandsons.

Other survivors include four brothers, Troy Hammons of Graham, Wash., Owen Hammons of Crownpoint, N.M., Crosby Hammons of Canyon, and Don Hammons of Lakin, Kan.; two sisters, Thelma Mead of Portland, Ore. and Flo Richardson of Panhandle, Tex.; and numerous nephews and nieces.

Happy News

First Tri-State Rodeo Set

By MARY NEAL HENRY
HAPPY HAS THE first Tri-State Rodeo of the season. Dates are July 25, 26, and 27.

Entries must be postmarked no later than ten days prior to the first performance. Boys events include Bareback riding, bull riding, Steer wrestling, Calf roping, ribbon roping and team roping. Girls events will include barrel racing, pole bending, goat tying, break-away roping, and steer riding.

New Tri-State officers and directors were elected at the Dumas finals. The Executive Secretary is C.C. Light, Mary Mosley is corresponding secretary, J.T. Henry is the bareback riding director, Eddie Joe Pearson, the steer wrestling director, Ernie Messer, the bull riding director, calf roping, Rod Cleveland, team roping, Bill Blasingame, ribbon roping, Jeff Flores, barrel racing, Tammy Cleveland, pole bending, Sydna Dudley, goat tying, Debbie Jones, breakaway roping, Lori Primrose, steer riding, Candy Thorenson.

Adult directors are Don Rutherford and Wayne Pearson from the south and Robert Cleveland and Dean Cluck from the north.

THE FARMER BROWNS and Harry Hardaways and several more are fishing at Lake Chama.

BARBARA AND KEN Danner and their family have been vacationing in South Texas.

CHEERLEADERS, VALERIE TIPPIS, Becky McCauley, Nancy Woods, Lisa Payne and Carolyn Moody and their sponsor Karlene Moore were in Oklahoma last week in cheerleader school.

TRI-COUNTY HORSE Camp wasn't rained out. Marcus Conway, Laura and Will Mack Conway, Joan and Pete Odom and their Neal, Kyle and Kevin; Angelique Henry (on her own); Jena and Jacinda Stockett and Dorothy Stockett; Roy and Joy Bryan and their Dennis, Kent, and Todd; Billie and Eddie Joe Pearson; Linda and Bob McDonald and their David and Ronnie; were among the participants.

They rode horses under three A&M instructors for most of the time, but they also swam at the Country Club pool and played games and folk singing.

On Friday, they were joined by Betty and James Stockett and their Janelle and Jimmie and Mary Neal Henry.

Angelique informed me she slept in a nice soft bed the night before (instead of her bed roll). She spent the night with Sue Ann Doan — and not only did Jim Doan take the girls home, he took

the horse too. Casey spent the night with their Charlie.

ANNIE REED FELL and broke her arm last week and was taken to Palo Duro Hospital. They discovered that her hip was also fractured and moved her to Northwest Texas Hospital last Thursday.

THE GEORGE WOODS family returned to Fort Worth this week so that George could have the stitches removed from his recent surgery.

MARY JANE MILLER was in Happy visiting last Monday. Eddie Walters is in the Veterans hospital in Waco. Dal Walters and Carl Bryan have visited him there.

THE PAUL HEIL family recently vacationed to Vallicia in Colorado.

BARRY STEVENS TOOK the boys to camp at Floydada this week.

JUDY AND MANDI Ship-

man and Lillie Shipman of Hereford traveled to Altus, Oklahoma, Saturday to attend a bridal shower for their niece and cousin, Patricia Geauthreaux. Patricia plans an August wedding in Altus.

THE 4-H FAMILY picnic Monday evening included all of or part of the families of the Roy Bryans, Pete Odoms, Larry Simons, Johnny Millers, Floyd Tipps, Johnny Parker, Bob McDonalds, and a guest, Kim Foster.

They ate, hiked, and played volleyball in the beautiful setting of the new dam at the Roy Bryan home.

PRINCESS AND GARY Gruben have a new boy, born July 8th. He weighed seven pounds and twelve ounces. An older sister also welcomes the new arrival into that family.

WILLIE AND JOHN Butler and I have attended the Mid Year meeting of American National Cattlemen and CowBelles in Denver, Colorado, this week. That report next week.

See ya! Mary Neal

University Dean Resigns

Dr. Jim Kidd, dean of the West Texas State University College of Education, resigned his post Monday to assume a position as associate commissioner of professional development and instructional service of the Texas Education Agency.

His appointment was confirmed at a State Board of Education meeting July 12. Kidd, who has been the WTSU dean since 1972, will begin his work in Austin August 1.

"I am indeed sad that Dean

Jim Kidd of the College of Education is leaving West Texas State University. He and his family have been a great asset to the University," said Dr. Lloyd I. Watkins, WTSU president. "He has been a sensitive and innovative dean, and will be missed by us all. I wish him well in his new position."

Kidd said he will be working in state-wide teacher education programs, certification programs, and instruction service areas, including textbook division.

"I have enjoyed my association with the colleges of education and public schools in this area, and am looking forward to working with them in a different role on the state-wide level," Kidd said. "I am making a change that will be professionally an advancement."

The former principal of Amarillo's Bowie Junior High and Caprock High Schools began his work at West Texas State in 1969 as associate professor of education. Prior to coming to WT, Kidd was director of secondary instruction for the Amarillo school system from 1967-69.

A native of Hamlin in west central Texas, Kidd received a Bachelor of Fine Arts and a Master of Education from the University of Texas and a Doctor of Education from the University of Oklahoma.

He became chairman of the WTSU Department of Secondary and Higher Education as part of a reorganization of the University's College of Education in 1970. He then replaced Dr. Emmitt D. Smith as education dean in 1972 upon Smith's retirement.

Dr. Jim Kidd

Invitation Open To All Residents

The women's division of the Canyon Chamber of Commerce extends an open invitation to all city residents interested in the promotion, growth and betterment of Canyon to attend weekly dutch luncheons at the Yum Yum Tree Restaurant on Tuesdays.

The Conservation Party. Join In.

Do your bit for conservation while you do your thing. A gas grill lets you cook outside and take the heat with you. You don't put an added tax on your air conditioner with cooking heat. A gas grill is so convenient (no charcoal mess or bother) eating "out" will become an everyday affair. And, it will add a charisma to your outdoor living that will last all year long. Get the voters "out" and that wonderful charcoal taste will earn you a vote of confidence from family and friends. You'll receive a mandate for more gas grill cooking. Ask any Pioneer employee.

Randall County 4-H'ers and leaders are enjoying the high country this week while attending the 4-H Electric Camp, (sponsored by Southwestern Public Service Company), located in the Sacramento mountains, 28 miles southeast of Cloudercroft, New Mexico. Those from Randall County are,

front row, left to right: James Irlbeck, Ronnie Adams, David Hall and John Brazzil, county agent. Back row, left to right: Debbie Hales, Ronda David, Irene Grabber and Becky Hall, county agent. The SPS Company instructor is Tom Whitson from Amarillo.

Couple To Further Education Together At Houston

West Texas State University May 1975 graduates Patton and Diana Fite "had to make a few phone calls and write a few letters" but the husband and wife team managed to enter doctoral programs in separate fields in Houston.

Patton will begin his doctoral work in developmental psychology at the University of Houston this fall, while working as a teaching assistant for a study group to help pay the bills. Diana has already begun her three years of medical training at the University of Texas Medical School in Houston.

"Right now Diana is doing all the studying," Patton says, while he is also trying to get a little work behind him. Patton's "three to four year doctoral program will probably require a master's thesis in a year or so."

When the Fites were married five years ago, "we had no plans at that time" for both to pursue their doctorates.

They had alternated their hours between work and night classes at Amarillo College before deciding to begin their career education at WTSU.

Diana, after working up through the ranks at High Plains Hospital to credit collector, "decided two or three years ago that she wanted to be a doctor," and came to Canyon to major in biology, Patton notes.

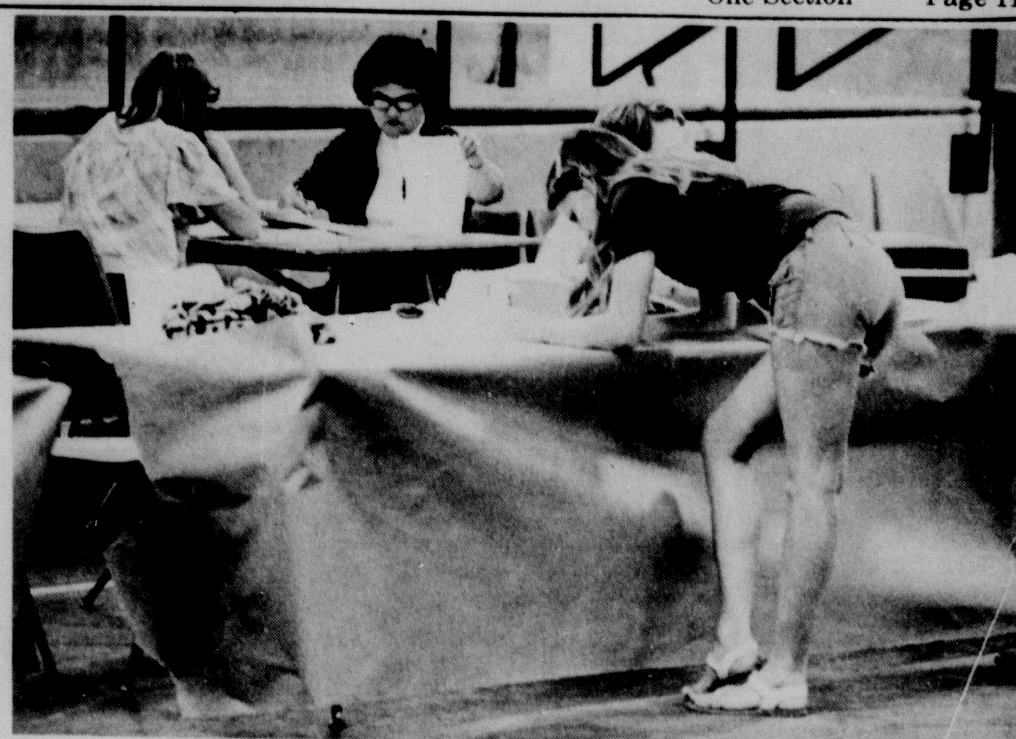

Her desire to work in medicine is not altogether surprising as her father, Dr. J.V. Ellis of 1507 S. Lamar, is a neurosurgeon in Amarillo.

"It was a little bit of a problem being accepted by schools in the same city," Patton reports. "Diana was first accepted by the Southwest Medical School in Dallas."

The phone calls, letters, and certainly their grades must have helped.

"It feels good that everything has worked out," Patton concludes.

Patton is the son of Mr. and Mrs. W.A. Fite of 131 Ridgcrest, Duncanville, Oklahoma.

A West Texas State University coed plans her course load for the second summer term which began Tuesday. Registration for

classes for the term was held Monday and will continue through today at the university business and registrar's office.

Girls Add Dimension To Woman's Life

"Try working with girls — you might enjoy it," was the attitude of the late J. O. Parker when his wife and mother of his three sons was first approached about working with sorority girls.

When collegiate sorority groups decided to apply for national affiliation in 1958 it was required that alumnae chapters be formed to support and sponsor the girls and Mrs. Parker was

among local women who accepted the role of sponsor. She was initiated into sorority life alongside the sorority girls when the local chapter received national affiliation.

Presently there are about 35 active alumnae members of Delta Zeta sorority in the Amarillo-Canyon area and Mrs. Parker was recently recognized as the nation's outstanding collegiate chapter director for her service with the Zeta Zeta chapter of Delta Zeta at West Texas State University.

Mrs. Parker received a service bracelet as outstanding CCD at this summer's national Delta Zeta convention in Columbus, Ohio. She was accompanied to the national convention by Sandra Skinner, Zeta Zeta chapter president, and also brought home to her local DZ Alum chapter the Margaret Huenefeld Pease award for outstanding service. Both awards are known as "traveling awards" and will be turned over to another of the 135 chapters in the nation at the next national convention.

Two years ago, the local chapter received the travel award for best cooperation between active chapter and alumnae at national activities. Mrs. Parker was also recognized as the state's outstanding collegiate chapter director at the 1972 DZ State Day.

Mrs. Parker, who has served the active chapter as CCD for the past ten years, has found her life with girls to be "most enjoyable."

Born and raised in Canyon, the former Lenna Foster earned her degree in history at West Texas State University and taught three years. Married to J. O. Parker in 1936, the couple raised three sons Foster, Jerry and Red, while being involved in farming and ranching interests and establishing the Parker Cattle Company, a feedlot enterprise.

The Parker's sons (Foster now of Happy, Jerry of Dawn and Red of Dalhart) and their wives have blessed Mrs. Parker with eleven

grandchildren including 4 boys and 7 girls.

Mrs. Parker's active life includes serving as the bookkeeper for Parker and Cattle Company, membership in the Sue Hite Club and First United Methodist Church of Canyon, along with her constantly active and rewarding life in sorority.

"The girls are great," states Mrs. Parker. "They always remember special occasions and it is really great having about 50 adopted daughters around."

Sherman Cox Dies In Happy

Sherman Cox, 60, a long-time Happy resident, died Tuesday morning at his home.

Funeral services will be at 3 p.m. today at the Happy First Baptist Church with the Rev. Roland Moore, pastor of the First United Methodist Church of Wayside, officiating. Burial will be at Happy Cemetery by Schooler-Gordon Funeral Directors of Canyon.

Mr. Cox, a stockman, was owner of the Cox Welding Shop in Happy. He was born Dec. 21, 1914 in Hemphill County and came to Swisher County in 1922.

Mr. Cox helped organize the Amarillo Muscular Dystrophy Association and was active in the Tulsa Rodeo Club. He was a Baptist.

He was preceded in death by a son, Glen A. Cox, who died Dec. 28, 1965.

The family has requested that memorials be in the form of donations to the Amarillo Muscular Dystrophy Association and the American Cancer Society.

Survivors include his wife, Dorine of the home; sons, James Sherman Cox Jr. of Happy and Benny Lee Cox of Harlingen; brothers, Tom, Frank, and Keith, of Happy, and H.L. of Pecos; a sister, Mrs. Annie Lemons of Happy; and three grandchildren.

The Garden Spot

By RICK WILCOX

This column is mostly for next year, but I'll give it to you now so you can have it in mind when your seed catalogs come this winter. While all of us are familiar with the "normal" vegetables — peas, corn, tomatoes, beans, squash, etc. — there are a number of unusual vegetables that can be as much or more fun to grow. Did you know you can grow sponges? Or

spaghetti? How about 10 pound radishes and pseudo-sea food? All of these and more are available to the home gardener.

The sponge is really a squash called a "luffa" (or "loofa" depending on whose spelling you prefer). It looks basically like a zucchini and is raised the same way. When 6-8 inches long, it can be prepared and eaten like a zucchini. But if you let it mature, then soak overnight in water and

peel off the skin and shake out the seeds, you end up with an excellent sponge.

Vegetable spaghetti is actually a gourd. Grown like a squash or pumpkin, the mature fruit is boiled, and then the fibrous insides are scraped out and used like spaghetti. Considerably lower in calories and higher in vitamins than Chef Boyardee's, too.

The giant radishes come from

Japan. Only these are really big. Surprisingly mild, too, if you can figure out what to do with ten pounds of radish at a time. Allowed to go to seed, the seed pods can be cooked and eaten like peas.

The salsify, or "oyster plant," grows wild in our part of the country. You can recognize it by the seed head, which looks like the puff ball of a giant dandelion. If you know what you're looking for, you can do the Euell Gibbons bit, but to be on the safe side, get some seeds and grow your own. The taste is mildly like oysters when the whitish roots are chopped up and steamed or boiled. Tastes more like oysters than the "mountain" variety anyway.

This year when you get your seed catalogs, look them over for one of these novelty plants, or some others that strike your fancy. There are garden huckleberries that you grow like tomatoes and use like blueberries, purple beans and cauliflower, flowering cabbage, popcorn with short cobs and red kernels that look like big strawberries, and a number of others. You'll find that growing some of these oddities can be some of the most fun you'll have with your garden. Until next time...

Has inflation ripped your life insurance program? You need a rip fixer.

A professional.

Area Swimmers Place In Meet

Three Canyon area swimmers spent July 4-6 at the Odessa Aquatic Club's Bicentennial Swim Meet held at the University of Texas Permian Basin.

Five hundred other swimmers representing 20 swimming clubs were involved in the meet where awards were specially cast Bicentennial Medals designed to become future collector's items.

Joe Beltz, son of Mr. and Mrs. Bob Beltz of 1010 4th Avenue, Canyon swam in the "A" competition placing sixth in the 400 freestyle, 6th in the 200 freestyle, and 6th in the 100 backstroke.

In "B" competitions, Joe Beltz placed 2nd in 50 freestyle and 6th in the 200 individual medley. He also swam on the 400 medley relay which placed second and

the 400 free relay which placed third.

John and Shelia Hicks, children of Mr. and Mrs. Johnny Hicks, north of Canyon, also received awards at the Odessa Aquatic Club's meet.

Swimming in the "B" 11-12 competition, Shelia attained "A" time in the 100 breaststroke and placed first in 50 freestyle, 8th in 100 freestyle, 2nd in 200 freestyle, 4th in 100 butterfly and swam in the 100 backstroke. She also swam in the 400 freestyle and medley relays placing fourth.

In the 10 and under competition, John Hicks swam in the 400 medley and free relays placing fourth on both events.

YMCA Camp Openings Available

Openings for upcoming sessions of the YMCA Day Camp at Camp Christmas Tree on Palo Duro Creek are still available for any boy age 6-12.

A weekly fee of \$21.00 includes the camping activities, transportation, supervision, noon beverage, medical insurance and an overnight campout each Thursday. Activities of the camp include hiking swimming, canoeing, riflery, camp skills, fishing, nature lore, handicrafts, trips, archery, fellowship and fun with leadership provided by YMCA trained college age counselors under supervision of the YMCA director. Counselors are certified in first aid, lifesaving, aquatics, instruction and camp

counseling.

Registrations may be made by mail or in person at the Amarillo YMCA, 816 South Van Buren, Amarillo and further information is available through the YMCA, 374-4653, or by contacting Mrs. Dean Anderson at 655-9936 or 655-2146.

Transportation service via YMCA bus will be included for 10 or more boys gathered at any one given location. For less than 10 local boys, the YMCA bus will make a pickup of Canyon youths at the northwest corner of FM2219 and the Canyon E-Way three miles north of the city. The camp will be held from 9 a.m. to 5 p.m. Monday through Friday.

Triangles Presented at 'TEXAS'

"TEXAS," the outdoor musical drama presented in Pioneer Amphitheatre of Palo Duro Canyon, reports a ten year attendance of 704,656 persons at the close of the July 10 performance.

A feature of the play intermission is the presentation of a "triangle" to the person travelling the farthest to see the show and on July 4 with an audience of 1,715 Mr. and Mrs. Mahnood of Pakistan received the momentous triangle for the evening.

On July 5, Morris of Germany received the travel triangle amidst an audience of 1,837 persons and Mr. D. Rivers of the

Philippines took home the July 7 award among an audience of 1,506 persons.

Ms. C. J. Naschi of Poeborder, India received the July 8 triangle with an audience of 1,429 in attendance. Sgt. and Mrs. O. E. Rice of Okinawa received the July 9 triangle and the audience count was 1,472. On July 10 from an audience of 1,660 persons Tahir M. Mion of Pakistan received the travel triangle.

Throughout the "TEXAS" season numerous church groups, travel touring groups, and other large audience segments are recognized during the intermission breaks also.

City maps for newcomers and tourists have been made available through the courtesy of the Women's Division of the Canyon Chamber of Commerce. Newcomer, Nancy Collier, left, receives one of the city's maps from Marcia Durden.

"Pursuits" Hard To Pursue With High Gas Prices

By KAROLYN FARMER
YOU ALL KNOW of course, that we're endowed with certain rights — "Life, liberty and the pursuit of happiness."

I guess you could say I have very patriotic children who take their rights seriously.

They're certainly full of life. They would like to be free to do as they please. And, boy, are they pursuing happiness.

Now, I realize that you can't buy happiness — but with gas now costing over 50 cents a gallon, our "pursuits" are getting expensive.

AND SPEAKING OF pursuits, Tom and Joan Lane are in the process now of pursuing a new career. They hope to have their new store, Lane's TV and Appliances, open and ready for business by the 1st of August.

The store will be located on the east side of the square in Canyon and the Lanes will handle RCA-Whirlpool merchandise.

Joan and Tom moved to the Gene Howe area last year from Milwaukee, Wis., where Tom had worked for many years as the supervisor of the appliance department for Sears.

Their son, Dave, was in the 5th grade at Gene Howe this past year. He's quite an athlete and loves to participate in all sports. Dave played first base and pitcher on the A&S ball team this summer.

The Lanes also have a three year-old daughter, Chris, who is a precious, blond-haired little "pixie." Chris was the unofficial mascot for her brother's ball team and really kept the spectators entertained at the games this summer.

The Lanes hope to move to Canyon as soon as their present home is sold. We're going to miss them at Gene Howe, but at least they won't be far away.

We wish them every success in their new business.

TWO GENE HOWE men were recently "tapped out" and passed the ordeal of the Order of the Arrow.

Billy Edwards and Tim Nash were chosen for the service organization of the Boy Scouts of America and successfully passed the "ordeal" this past weekend.

The Order of the Arrow is one of the highest honors bestowed by the Scouts. And from what Sarah Edwards told me, only men with a great deal of stamina ever make it.

It seems that this past weekend Billy and Tim were taken to Camp Don Harrington, where they had to pass a series of grueling tests.

Friday night they slept on the hard ground with only a sleeping bag for protection. Billy Edwards said his "only" companions were about 5,000 chiggers.

Breakfast on Saturday morning consisted of a hard boiled egg and a glass of water. And for lunch they were treated to a peanut butter sandwich and another glass of water.

The men worked on various projects at Camp Don during the day and were not allowed to talk to anyone while they worked.

Fortunately, both Billy and Tim are hardy souls and they passed every test with flying colors. They were treated to a big feast at the campfire Saturday night and were then informed that they are now official members of the Order of the Arrow.

RANDY GREEN CALLED us this week to tell us that he and his mother, Mrs. Duane Green, will soon be moving to Golden, Colorado. Randy was a member of the A&S ball team coached by "hubby" Kyle.

Since the death of Randy's father earlier this summer, the Greens have sold their home and property and are moving to Colorado to be closer to Randy's brother, Steve Green.

We'll certainly miss both Randy and Mrs. Green. As soon as they get settled in their new home, I'll give you Randy's new address so that all his Gene Howe friends can write to him.

CUB SCOUT PACK 130 went to Camp Don Harrington last Saturday to participate in "Cub Country." The boys who attended the activities were David Ashley, John Hicks, Jay

Phebean Class Has Luncheon

Phebean Sunday School Class met at the Baptist Assembly grounds for a luncheon last Thursday, July 10, with Mrs. Davis, Ruth Allen, Jettrew Winters, Rosa Cox, Mollie Baber, Willie Ricketts, Faye Marshall and Lillie Hundley attending.

A brief business meeting was conducted by the president, Ruth Allen, and Rosa Cox gave the devotional about "Little Things." The program about the Middle East was given by Miss Hundley along with a reading of the Shepherd's Song. A Bible quiz concluded the meeting.

The class will not have a regular meeting in August and is scheduled to resume sessions on September 11 at the home of Mary B. Weeks, 1307 4th Avenue, with Daisy Neal as co-hostess.

Edwards, Don Meier, Donnie Myers, Lynn Vanlandingham, Scott Kozak, Mike Celey, Mike Kennon, Glenn Moore, John Clark, Mike Baker, Curtis Boren, Kim Coldiron, Todd Coldiron and Kevin Erdman.

Also attending with the boys were Sarah Edwards, Shannon Edwards, Jerry Erdman, Phyllis Hicks, Charlotte Kennon and Sandy Kozak.

During the day the Cub Scouts rode in rowboats, shot on the BB rifle range, swam and ran the obstacle course. Jerry Erdman had the best time of all the "boys" on the obstacle course.

Pack 130 will go to Cub Country again on July 26th.

SHEILA HICKS IS attending Hidden Falls Ranch Camp

at Wayside this week. The Hicks family is planning to go down to the ranch on Thursday night for the family barbecue and rodeo.

I CALLED ELIZABETH Wilson this week to "check up" on her. Elizabeth is the librarian at Gene Howe and was married to Matt Bellamy on June 28th.

Matt and Elizabeth were married in the Original Chapel of the First Baptist Church in Amarillo. They spent their honeymoon in St. Louis, Mo. and are now living at 5211 Shepherd in Amarillo.

Elizabeth's parents, Mr. and Mrs. Fred Wilson of Baton Rouge, La., came two weeks before the wedding for a visit with their daughter.

Elizabeth says she's really keeping busy this summer

decorating their home and landscaping the yard. Although their new home is quite a distance from Gene Howe, Elizabeth says that's no problem. She will be in a car pool with fellow teachers, Suzella Parsons and Geraldine Woodward.

Elizabeth's husband, Matt, grew up in Amarillo and is a graduate of Caprock High School. He is employed by Currie Motor Freight.

ONEAL, CLAUDIA AND Cathy Call recently flew to Jacksonville, Florida to attend the wedding of a relative and to soak up the Florida sun. Their four day trip was too short for much sightseeing, but the Calls did enjoy hunting for shells on the Florida beaches.

BASEBALL SEASON IS almost over for the Gene Howe teams. Most of the teams are involved in the Kids, Inc. tournaments this week.

The 2nd grade boys T-ball team, coached by Royal Yarbrough, Billy Edwards and Johnny Hicks, played two games this past week. They beat Paramount Terrace by 32 to 27. Boys who hit home runs in that game were Walter Morris, Delbert Hollis and Lynn Vanlandingham. The boys who caught fly balls were Delbert Hollis, Jay Edwards and Lynn Vanlandingham.

The Gene Howe team was undefeated for the season until Friday's game. They played a team from Western Plateau that was also undefeated and lost by 32 to 20. In that game Walter

Morris hit two home runs and Lynn Vanlandingham hit one home run.

The boys who caught fly balls were Scott Kozak, Walter Morris, Royal Yarbrough, Dub Austin, Delbert Hollis and Jay Edwards.

THE 5TH GRADE girls team, coached by Teresa Davis, played their first tournament game against Olsen Park on Monday evening. They won by a score of 21 to 10. They also beat Olsen Park last week by 21 to 19.

THE 4TH GRADE boys team, coached by Larry Brooks, began their tournament play this past Monday. They won their game against Whittier by a score of 37 to 17.

The boys who hit home runs in that game were Michael Ray,

who hit three home runs, Dwayne Hollis, with two home runs, Dale Whitehead, Chris Poole, Mike Morgan and Kevin Smith, who hit one home run each.

THE 4TH GRADE girls team, coached by Teresa Davis, played their first tournament game against Olsen Park on Monday evening. They won by a score of 21 to 10. They also beat Olsen Park last week by 21 to 19.

THE 6TH GRADE girls team, whose coaches are Leonard Schmidt and George Schmidt, have an 8 and 4 record for the season. They also began tournament play on Tuesday.

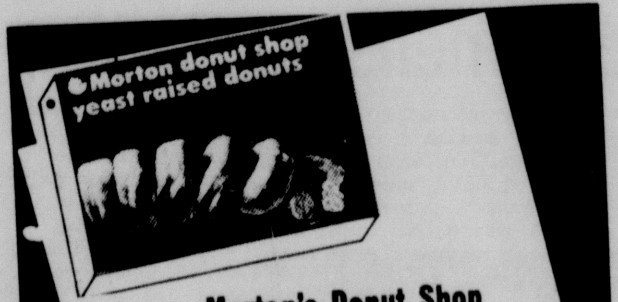

CHAD AND MELISSA Merritt, the children of Jay and

Sherry, spent this last week with their grandparents, Mr. and Mrs. Pat Merritt of Midland. Both children especially enjoyed boating and fishing at the lake.

I NOTICED THE pictures of Jimmie Little and Ocoee Holt in last Monday's edition of the Amarillo Globe-Times. Jimmie is the speech teacher at Gene Howe and Mrs. Holt holds a Life Membership in the Gene Howe PTA.

Both women participated in a language development workshop held in Amarillo this week.

WELL, I GUESS I'll get busy now and "pursue" a little house cleaning. Actually, my idea of happiness is a full time maid who works for nothing — but my family already has one of those.
